*MPA is an Equal
Opportunity Organization*

January 29, 2022

To all student-athletes, coaches, administrators, parents, families, and fans:

It is my pleasure to welcome you to the 2022 MPA Maine State Winter Championships. These events are celebrations of everything good about school-based sports and activities in the great state of Maine.

From Kittery to Fort Kent, nothing brings a community together like your hometown team and high school sports. As you cheer for your favorite teams, please remember that you are always representing you community. Be positive and always exhibit good sportsmanship.

The MPA strives to provide outstanding interscholastic and professional services to administrators and students across the state. Each year, thousands of students participate in more than 100 championship events hosted by the MPA. In addition to athletics, we support students in Maine through activities like drama, music, National Honor Society, student council, speech and debate, and Student Advisory Council.

Our association believes every student deserves to attend a high-quality school led by an outstanding principal. Educational leaders from around the state benefit from the specialized offerings of the MPA that range from in-person and online professional development activities to workshops with renowned local and nationally recognized presenters. The professional growth of school leaders has a direct impact on the improvement of Maine schools.

Specifically, to the student-athlete participants—congratulations! Your many years of resilience, dedication to your sport, and sweat equity invested have resulted in this opportunity to showcase your skills on the state's biggest stage. You will remember your team's tournament for many years to come, and you will cherish the memories made with your teammates, coaches, trainers, bus drivers...and all of those who have supported you in your many accomplishments along the way.

From your first step onto the fields, courts, rinks, and slopes, to the final whistle, play with passion, respect, and skill. Give it your all—and you will, win or lose, have built a lifelong memory.

Sincerely,

Michael R. Burnham
